ETHAN ANTOINE LI

French Citizen | Born in France
Email: ethan2027@126.com · Guangzhou, China

EDUCATION

The British School of Guangzhou | Guangzhou, China
IGCSE & A-Level Curriculum | August 2019 – Present

EXTRACURRICULAR EXPERIENCE

EPQ – Robotic Arm for Rescue Operations | **Independent Project** | January 2026 – October 2026

- Design and build a rescue robotic arm; produce a comprehensive academic research paper alongside practical implementation

HKU Summer School | July 2026

- Participated in advanced physics coursework at the University of Hong Kong
- Was invited to join the HKU Info Day on October 24 (Sat) to share my learning experience as an alumnus with prospective students and visitors

New Energy EV – Graphene Lithium Battery Materials Development | December 2025

- Conducted the composite preparation of lithium electrode materials, assembly of button type batteries, and electrochemical performance testing (charge-discharge cycles, CV, EIS, etc.)

Drone Design, Assembly & Flight Project | Independent Project | September 2025 – November 2025

- Drafted design blueprints and assembled a functional drone from scratch; successfully achieved stable flight

HKU Summer School – Advanced AI Application Development with Python | June 2025

- Engaged in computer vision, large language models (LLMs), and practical AI application development using Python

ACADEMIC COMPETITIONS & AWARDS

- Senior Physics Challenge (SPC) – Bronze | 2026
- Senior Mathematical Challenge (SMC) – Silver | 2025
- Australian Mathematics Challenge – Credit | 2025
- Intermediate Physics Challenge (IPC) Final – Bronze (ASDAN) | 2024
- Intermediate Physics Challenge (IPC) – Silver | 2024

SCHOOL ACTIVITIES

Tennis School Team – Singles | The British School of Guangzhou | September 2025 – Present

- Achieved individual 1st / 3rd place; contributed to team 1st / 2nd place finishes in school competitions

Little Lantern Charity Shop | Tianhe South Street Social Work Service Station | February 2025

- Operated a charity stall selling handmade lanterns; successfully raised over RMB 2,600 for charitable causes

SKILLS & CERTIFICATIONS

Programming: Python, C++
Awards: Social Impact Award (awarded by The British School of Guangzhou)
Languages: French (native), Chinese (fluent), English (fluent)
